NORTH STATE MATTERS

Newsy Items Gleaned From Murphy to Manteo.

Winston Tobacco Figures.

Winston-Salem, Special.—The total quantity of manufactured tobacco produced in this city during January, February, March, April, May and June, of this year, was 12,862,953 pounds, an increase for the period of 1903 of 638,358 pounds. The stamp sales at the revenue office for June aggregated $151,712.61, divided as follows: For tobacco, $130,735.59; for spirits, $20,903.52. The leaf sales on the Winston market for June aggregate 676,970 pounds. It brought $59,269.56, an average of about 9 cents per pound. The total sales for nine months of this tobacco year amount to 19,293,253 pounds. Very little of the old crop remains unsold. However, with the primings of the new crop, the sales this year will pass the 20,000,000 mark.

Toxaway Receivership.

Asheville, Special.—C. W. R. Bademer and wife and G. T. Pryor, in behalf of themselves and all other stockholders and creditors of the Toxaway Company, instituted proceedings against the Toxaway Company and J. Frank Hays, manager, praying that a temporary receiver be appointed for the Toxaway Company until July 8, on which date the defendants should appear and show cause why a permanent receiver should not be appointed. This complaint was filed on account of it having been alleged that the stockholders holding the controlling interest worked adversely to the interest of smaller shareholders. The proceedings were stopped and the receiver discharged when a certified check for the amount of estimated damage was given the complainants.

Attempted Suicide.

Asheville, Special—Oliver Giddon, a highly respected, though eccentric, citizen of the northern section of this city, drank laudanum with suicidal intent, Thursday afternoon. The circumstances which led Mr. Gibbon to this act of attempted self-destruction are extraordinary. It appears that he, together with Mrs. Giddon and a half-dozen neighbors, were summoned to the police court during the forenoon to give testimony concerning the conduct of boys who were arrested on the charge of crying out and throwing stones into the yards and sometimes into the houses of people who lived in the vicinity of East and Seney streets. During the examination of witnesses Mrs. Giddon was called to the stand and was closely cross-examined by the attorney representing the young defendants. Mrs. Giddon had never been in court before and the ordeal proved very embarassing for her and her husband. Mr. Giddon, who suffers from nervous disease, brooded much over this experience and the annoyance he had suffered from some of the boys of the neighborhood and sought to end his trouble at once. He drank a fu'l ounce bottle of the drug and for a time it seemed that he could not recover, but physicians stated later that he had an even chance of recovery.

North State Notes.

The North Carolina Press Association closed its sessions at Wrightsville Beach last Thursday. The following officers for the year were chosen: President, H. B. Varner, Lexington Dispatch; first vice president, Benjamin Bell, Wilmington Messenger; second vice president, Rev. P. R. Law, Lumberton Robesonian; third vice president, J. D. Bivins, Albemarle Enterprise; secretary and treasurer, J. B. Sherrill, Concord Times; historian, J. A. Robinson, Durham Sun; orator, R. F. Beasley, Monroe Journal; poet A. B. Carter, Salisbury Sun; executive committee, H. B. Varner, chairman, J. B. Sherill, secretary, H. A. London, J. D. Bivins, W. C. Dowd, J. A. Thomas, W. F. Marshall; delegates to National Editorial Association: Thad R. Manning, D. T. Edwards, P. R. Law, W. F. Marshall, J. A. Robinson; alternates, P. D. Gold, J. W. Noell, J. W. Lincke, A. Johnson, A. B. Carter, R. F. Beasley.

Mr. Frank D. Brown, of the Department of Commerce of the United States, is at Kinston, collecting data of the resources, etc., of Lenoir county and the town of Kinston, for a statistical report by the department to show the wealth of the United States.

Fayetteville, Special.—At Hope Mills in Cumberland county, a heavy package of machinery fell on Barney Autry, a wagon driver, crushing in his skull, killing him almost instantly.

A good deal has been said recently about the attitude of the Internal Revenue Department with reference to the operation of the Watts law, and the impression has obtained in some instances that conflict might result between the State and Federal authorities as a result of the operation of the new law. The Federal government has no desire or disposition to interefere with the operation of the Watts law. The man who violates its provisions will receive no comfort from that source. It was explained today that the Federal government does not license saloons and distilleries. The State exercises that function and authorizes them to do business. The Federal government goes no further than to levy a tax on such institutions. The State does the licensing in the literal sense of the word

The commissioners of Columbus county have asked Governor Aycock to call a special term of court to be held at Whiteville July 27th for the trial of the Registers, charged with murder, and the several other prisoners held on grave charges. There are now in jail at Whiteville between 15 and 20 prisoners, only three of which number are negroes, a fact pointing to a condition generally deplored by the good people of that county. The request has been granted, and a special term ordered for the trial of criminal cases only.

STATE PRESS ASSOCIATION

Editors Enjoyed Refreshing Breezes of Old Ocean.

Wilmington, Special.—President W. F. Marshall, of Gastonia, called to order the thirty-first annual convention of the North Carolina Press Association in the assembly room of the Seashore Hotel at Wrightsville Beach at 11 o'clock Wednesday morning. The attendance is not so large as usual, but the editors there and their friends appear to be enjoying the outing at the beach very much. The welcome address in behalf of the chamber of commerce upon the invitation of which the convention is here this year was made by Iredell Meares, Esq. A patriotic and very cordial response was made by R. F. Beasley, of The Monroe Journal. The devotional exercises were by Rev. P. R. Law, of The Lumberton Robesonian. President Marshall presented his annual report, which was an able paper. Important suggestions embodied therein will be discussed by the editors.

To Raise Money for Exhibit.

There was a conference at the Governor's office regarding ways and means of raising money by private subscription for an exhibit at the St. Louis Exposition. Present, Governor Aycock, Hugh Chatham, of Elkin; L. Banks Holt, of Graham; Robert N. Page, of Biscoe; Garland E. Webb, of Winston; J. G. Hackett, of Wilkesboro; J. J. Thomas and F. B. Arndell, of Raleigh. It was the sense of the meeting that $50,000 ought thus to be raised. It was shown that there are 6,000 industrial plants in North Carolina, the annual output being worth $90,000,000. The only question in the minds of the gentlemen who attended this conference with the Governor is whether 250 manufacturers shall be asked to give $200 each and also make exhibits or whether 100 shall be asked to give $200 each and also make exhibits or whether 100 shall be asked to give $500 each and make exhibits. It was decided to put an agent in the field to canvass the State and raise the $50,000 needed. There is a determination on the part of all to make the great exhibit at St. Louis. It is learned that large sums are promised by manufacturers at various places in the State. The Governor received today letters from D. A. Tompkins, of Charlotte; J. W. Grainger, of Kinston; J. A. Long, of Roxboro, and Northan O'Berry, of Goldsboro, regretting their inability to be present, and pledging their hearty aid in every way.

Valuable Gold Deposit.

Salisbury, Special.—Mr. Frank H. Mauney, of Gold Hill, a mining man of many years' experience and one of the leading citizen of the community in which he lives, said regarding the rich strike recently made by the Whitney Reduction Company at the Barringer mine, that he believed it to be by far the greatest ever made in a Southern State. He was convinced that large bodies of the ore are worth as high as $50,000 a ton and that half a million dollars is now immediately in sight. Mr. Mauney would not hazard an opinion as to the continued yield of the vein beyond this point, but said that it might be immense. He was greatly impressed by the presence in the ore of masses of nearly pure gold larger than a man's fist. Especially because the Whitney people do not court publicity or care about issuing statements.

Wednesday afternoon the two-foot vein which yields this extremly rich ore was struck by a second level from the paralel shaft at a depth of slightly more than 100 feet, all the indications for a much greater depth continuing good. The vein was first struck at a depth of 35 feet.

A Destructive Fire.

Raleigh, Special.—Greenville, N. C., is on fire. The flames started at a quarter to 1 o'clock and the fire is now under full headway. No corect estimate can be made of the losses, but it is believed that they are already about $200,000. The fire started in a small restaurant and the buildings already consumed are the market house, Farmers' warehouse, Gorman & Wrights' tobacco factory, Jordan's tobacco factory, residences of Mrs. Nellie Harris, Zeno Moore and several smaller buildings. The heat is so intense that the fire department cannot cope with the flames. There is, besides, no adequate water system of water works. At this hour the Christian church and King's Hotel are threatened with destruction. At 2:30 the fire was under control.

Baptist Young People's Union.

Atlanta, Special.—Preparations for entertaining the Baptist Young People's Union of America, which will meet in annual session in Atlanta July 9-12, are complete. Cool weather is looked for during the convention. A chorus of a thousand voices trained by Professor Porter will render musical selections during the sessions of the convention. The headquarters of the gathering will be at Piedmont Hotel The auditorium at Piedmont Park, with a seating capacity of 6,000 to 8,000 people, will be used for the daily sessions.

Government Boat at Cheraw.

Cheraw, Special.—The snag boat The Great Pee Dee, under the command of Capt. Hamer Jacobs, came up to Cheraw on Wednesday and returned down the river on Thursday. Capt. Jacobs says that preparations are being rapidly advanced to begin work near Cheraw. Already work is progressing further down the Great Pee Dee and the long desired end, the cleaning out and deepening of the channel of the river by the government, will now be accomplished.

POPE LEO IS DYING

Head of Catholic Church Nearing His Final Reward

LAST SACRAMENT ADMINISTERED

His Holiness Rallies Slightly at Times and His Physicians Say He May Live For Some Time.

Rome, By Cable.—"God's will be done. Would you have believed it, when only ten days ago I was presiding over a public consistory?" murmered feebly Pope Leo, as he felt himself late Sunday evening sinking into a sleep which lasted about three hours, until excruciating pain brought the dying Pontiff back to consciousness. He groaned and complained of pains on both sides of the throax. Tenderly Dr. Lapponi, assisted by Pope Leo's valet, Pio Centra, and the physician's second, De Castro, lifted the frail form and, changing the position, succeeded in giving the patient some relief. Though hovering on the brink of death, the life of the Pontiff is still prolonged by means of strong stimulants and concentrated nourishment, and while he is still alive, his wonderful vitality many again resist and conquer the attack of this illness. Later in the evening, after the excitement of the ceremony of the last Sacrament was over, the Pope seemed less restless, partly soother by the religous service and partly by a dose of chloral which was given to him in considerable quantity. The Pontiff is lying on a small bed drawn up to a window overlooking the piazza of St. Peter's. The only picture in the room is an antique Madonna, and the sole ornament a great ivory crucifix. The interior of the Vatican during the early hours of the morning testifies to the conviction that the passing of Pope Leo is very near. The court yard of St. Damaso is filled with the carriages of the cardinals. Cardinal Satolli drove to Rome from Frascati, the beautiful carriage horses covered with dust and perspiration. In the cortile are drawn up the carriages of the cardinals and of many notables. Servants and messengers hurry across the court with bundles of huge wax tapers and with the robes of the ecclesiastical dignitaries who are waiting within the palace. The ante chambeds of the palace were all through the night thronged with the princes of the Church, high noblemen and members of the diplomatic corps. Telegrams of inquiry have been received from several of the monarchs of Europe.

All kinds of speculation are already in circulation as to the probable successor to the throne of St. Peter. Opinions are much divided owing to the many interests which will be affected according to the choice made by the Sacred College. The first questions the cardinals will have to solve will be whether the conclave shall be held in Rome or outside of Italy. It is believed that the supporters of the idea of abandoning Rome will be even fewer than in the conclave held after the death of Pius IX, when 32 out of 37 cardinals voted in favor of Rome.

The second question will be whether the next Pope must be an Italian or a foreigner. It is generally believed that he will be an Italian, because in view of the struggle between the Church and the State since the fall of the temporal power and the constitution of united Italy, all the clergy, as well as the clerical party and even foreigners think that an Italian Pope can protect better than a stranger the advance of the religious and political interests of the Church. The candidates chiefly spoken of are Cardinal Rampolla and Cardinal Serafino Vannutelli. They are both representatives of the conservative policy, but are bitter antagonists of each other. Cardinal Rampolla is a very warm Francophile, while Cardinal Vannutelli is averse to the policy inaugurated by the present pontifical Secretary of State of assuming the power to which he has adhered for fifteen years. The most probable liberal candidates are Cardinal Bichop Agliardi and Cardinal Priest Satolli, whise breadth of views and love of modern ideas have been strengthened during his stay in America. The most probable religious candidates are Cardinal Prest Cotti, who would carefully avoid mixing up in politics and Cardinal Priest Angelo Di Pietro, who also has the very desirable requisite old age, being 75 years old.

Will Be Sentenced.

Key West, Fla., Special.—Fred Ewart was convicted of murder in the first degree and will be sentenced to hang. Ewart was tried for the murder of Frank Whitaker. He made a full confession of the crime, claiming that he had invited Whitaker to go on board the New Venice to get some clams; that while there Whitaker cursed him, and that while enraged he (Ewart) picked up an axe and struck Whitaker with it. He did not remember striking him more than once, but admitted that he might have done so.

Stabbed His Wife.

Atlantic City, Special.—Thomas DePaul, of New York, came here and, finding his wife registered at a lodging house with another man, drew a large pen knife and stabbed her in the neck. She is in the hospital in a dying condition. DePaul was arrested and held pending the result of her injuries. The wife alleges that she had to leave him because of abuse. He came here and insisted on her returning to New York with him.

LYNCHING IN UNION

Orderly Body of Citizens Hanged a Self-Confessed Brute.

John Osborne, the negro who assaulted Mrs. Lizzie Wentz, of Union county, Sunday night, was taken from two constables Thursday night and hanged to a tree. Just before his death he confessed his guilt.

The evidence against Osborne was entirely circumstantial, but it was so complete in its entirety as to leave no room for doubt as to his guilt.

Though Osborne worked for Mr. Joe Biggers, who lived ten miles away from where Mrs. Wentz lived, near Indian Trail, he was the first man and the only man upon whom suspicion fell; and within 48 hours after the crime was committed this suspicion came to be a belief in the minds of all people—white and colored—who lived in the neighborhood of where the crime was committed. He had a bad character generally speaking and a few years ago had been charged with attempting to assault another white woman, a Mrs. Hargett, but, apart from his previous bad record, the evidence connecting him with the assault on Mrs. Wentz became insistently cumulative and vividly strong.

STRONG CIRCUMSTANTIAL EVIDENCE.

It was proven that on the night the crime was committed Osborne had ridden a mule within a quarter of a mile of Mrs. Wentz's home, and he was tracked from where he had hitched the mule to the home of his victim. In his Sunday vest pocket was found a small piece of string that Mrs. Wentz recognized as the same bit of twine that she had kept in a match box in her house. She remembered that in looking for money the negro had struck a number of matches. And in the pockets of Osborne was found, too, money that it was alleged he must have taken from Mrs. Wentz.

In the preliminary trial that was given Osborne at the home of Mrs. Wentz Thursday evening more than 20 witnesses testified, and the testimony, linked together, left the colored witnesses standing up in the shady grove and declaring that the prisoner was guilty.

THE OPINION OF A MOTHER.

Even Osborne's own mother, who came to the scene, yelled aloud:

"John, you know you are guilty. Good-bye. There ain't nothin' for you to do but pray."

When the prosecution, which was represented by Mr. Plummer Stewart, of this city, a nephew of Mrs. Wentz, had finished, there was a muttered sentiment in the outskirts of the crowd that boded ill for the prisoner. The manner of the deed had been such as to arouse to anger the most conservative people in the audience. Mrs. Wentz is 64 years old; a feebte timid woman, who lives alone—saving the presence of an aged negro woman, who lives in a hut in the yard. It was the voice of this negress that Osborne had imitated, crying that he was ill—to let him in the house. When the door had been opened he had clutched Mrs. Wentz by the throat, and had become a fiend in violence and horrid language. Such little money as he could find—less than a dollar in all—he had taken with him.

A NERVOUS COLLAPSE.

Before his accusers the criminal almost collapsed in his excessive fright. He was young—only 24 years old and black as the pure Ethiopian type, but his politeness, his eager desire to propitiate everyone who came near him would have been pitiable if it had not been ghastly. Just before he was arrested he had come trembling like a reed in the wind to Mr. Plummer Stewart and had begged to be allowed to shake hands, Fawning like a whipped cur he maintained until death this attitude of extreme humility and courtesy.

THE LYNCHING.

After the conclusion of the evidence, 'Squire Broom, the magistrate who conducted the investigation, ordered that Osborne be committed to jail in Union county to await trial at the next term of the Superior Court.

Constables Frank Kesiah and Luke Horton put Osborne in a buggy between them, intending to go to Indian Trail and take the train from there to Monroe. Before the officers had proceeded two miles they were surrounded by a party of several hundred men, including a number of negroes. The constables resisted when ordered to surrender their prisoner, but were overpowered, Kesiah being pinned to the earth in the clutches of two members of the mob. At this time several pistol shots were fired by men in the mob.

Terrorized, pleading, weeping, penitent, Osborne was dragged from the buggy to an oak tree that stands by the side of the thoroughfare. One end of the rope was tied around his neck. The other end was taken by a man who climbed the tree and lowered the rope over a limb. In a moment the hands of the mob had caught the loose end of the rope and Osborne was swinging in the air.

So far there is no indication that an effort will be made to prosecute the lynchers.

Four Killed By Electricity.

Pittsburg, Special.—During the progress of a terrible rain-storm Sunday four persons were killed at the corner of Forbes street and Oakland avenue in an accident of most unusual character. The dead are: Joseph Wise, aged 40, residence unknown; Guisseppi Renda, aged 21 years; Mrs. A. W. Stratti, aged 54; Guisseppi Statti, her son, aged 22.

MADE A GOOD TALK

Booker Washington Says Lynching is Not Sectional

SPEECH BEFORE NEGRO EDITORS

Noted Negro Educator Addresses An Immense Audience and Counsels His People to Patience.

Louisville, Special.—Before an immense audience Booker T. Washington, head of the Tuskeegee Institute, Thursday night delivered an address. He said that recent regrettable events in connection with the race question went to show that lynch law is not confined to any one section of the country. Those events, he said, lead to sympathy with the race problem by making it national. He appealed to the negro to be calm and exercise self-control.

Among the other speakers was W. H. Lewis, assistant district attorney of Massachusetts, who was appointed several months ago by President Roosevelt. Principal Washington said in part:

"In the present season of anxiety and almost of despair which possesses an element of the race there are two things I wish to say as strongly as I may:

"First, let no man of the race become discouraged or hopeless. There are in this country, North and South, men who mean to see that justice is meted out to the race. Such a man is Judge Jones, of Alabama, to whom more credit should be given for blotting out the infamous system of peonage than to any other man.

"Second, let us keep before us the fact that, almost without exception every race or nation that has ever got upon its feet has done so through struggle and trial and persecution.

"No one should seek to close his eyes to the fact that the race is passing through a very serious and trying period of its development, a period that calls for the use of our ripest thought and sober judgment.

"Let nothing lead us into extremes of utterance or action. It is in the long run the race or the individual that exercises the most patience, forbearance and self-control in the midst of trying conditions that wins its cause. Let nothing induce us to descend to the level of the mob. In advocating this policy I am not asking that the negro act the coward; we are not cowards. The part we have played in defending the flag of our country is sufficient evidence of our courage.

"The outbreak of the mob emphasizes two lessons, one for our race and one for the other citizens of our country, South and North; for it is to be noted that the work of the lyncher is not confined to one section of the country. The lesson for us is that we should see to it that so far as the influence of parent, school or pulpit is concerned, no effort be spared to impress on our own people that idleness and crime should cease. We should let the world know on all proper occasions that we consider no legal punishment too severe for the wretch of any race who attempts to outrage a woman.

"The lesson for the other portion of the nation to learn is that both in the making and in the execution the same laws should be made to apply to the negro as the white man.

"There should be meted out equal justice to the black man and the white man. Whenever the nation forgets, or is tempted to forget, its basic principle, the whole fabric of government for both the white man and the black man is threatened with destruction. This is true whether it relates to conditions in Texas, Indiana or Delaware. It is with a nation as with an individual; whatever we sow, that shall we also reap. If we sow crime we shall reap lawlessness."

Arreigned For Trial.

Washington, Special.—August W. Machen, against whom three indictments have been found for accepting a bribe in connection with government contracts for letter box fasteners, was arraigned before Justice Pritchard in Criminal Court No. 1. He waived the formal reading of the indictment, pleaded not guilty and was given until July 20 to file a demurrer, should he wish to do so. The Groff Brothers, who were indicted with Machen, appeared in court and pleaded guilty. It was announced that Machen and the Groffs would be tried at the fall term of the court, their cases being taken up in the regular order. The fall term begins in October and continues several months.

Lieut. McClain Arrested.

Washington, Special.—General Corbin has received a telegram from General Bates, commanding the Department of the Lakes, saying that Lieut. William F. McCure had been placed under arrest and sent to Fort Sheridan. His investigation of the case thus far tends to confirm the charges of bigamy made against McCure, but he also says there are indications that McCure is not sane. The dispatch has been sent to General Chaffee for action.

Traffic Manager Resigns.

New Orleans, Special.—S. F. B. Morse, assistant passenger traffic manager of the Southern Pacific Railroad, with headquarters at Houston, Texas, has tendered his resignation to the committee, effective soon. He has made important financial connections in the east. Mr. Morse left the Big Four at Buffalo in 1894 to associate himself with the Huntington lines.

THE B'NAI B'RITH PETITION

Official Statement Given Out From Washington.

Washington, Special.—The State Department has authorized the following statement:

"At the State Department it was stated by a high official in the absence of Secretary Hay that the delay in forwarding the petition of the American citizens of the Jewish faith as to the ill-treament of their co-religionists in Russia was due solely to the delay in furnishing the address to the State Department by the petitioners. The State Department would, of course, pay no heed to any statement purporting to emanate from the Rusian government unless such statements were made officially, in some form or other, to our own government. The State Department has been scrupulously careful to act only in accordance with all the requirements of official propriety, but within the limits thus laid down it will most certainly not hesitate to give expression to the deep sympathy felt not only by the administration, but by all the American people, for the unfortunate Jews who have been the vicitims in the recent appalling massacres and outrages. In this connection, it was pointed out by another official who disclaimed any purpose to speak in his official capacity, however, that it seemed somewhat strange, to say the least, that the Russian government should choose this parcitcular method of making a statement to the American people at the very time when by methods which are certainly the reverse of friendly to the United States, it has sought to make China join in breaking the plighted faith of all the powers as to the open door in Manchuria, and has endeavored to bar our people from access to the Manchurian trade."

The above statement was shown to Count Cassini, the Russian ambassador, but he declined to make any comment on it.

Any reply to this statement must be made under direct instructions from St. Petersburg. It is realized, both at the State Department and the Russian embassy, that the situation is extremely delicate.

Lynching at Norway S. C.

Columbia, Special.—There was a lynching in Norway Tuesday night, and Charlie Evans, a negro, who was charged with attempting to assassinate Mr. Phillips and daughter on Sunday night, was hanged and his body riddled with bullets. He and three other negroes had been arrested and placed in the town guard house and a guard stationed around it. The men were overpowered by a mob, said to have been composed of "unknown parties," and the three were taken into the woods near the town. Pink Hartwell, U. S. Johnston and John Felder, who had been arrested with Evans, were released, it being shown that they had nothing to do with the crime. Evans was strung up and afterwards shot.

Mr. Phillips was shot while sitting down to supper, but he was not dead. Shots from the gun entered his shoulder and his lung, and one penetrated his brain, and it is said that there is absolutely no hope for him. His daughter also received a wound in the head, but it was not fatal. Evans was a most desperate negro and the people were more infuriated than they would otherwise have been on account of his previous desperate criminal acts.

GOVERNOR HEYWARD TAKES ACTION.

The one at Norway was the first lynching in Governor Heyward's administration and he very promptly wired Sheriff Dukes and Coroner Rickenbacker, of Orangeburg county, to take all steps to get at the identity of the lynchers and bring them to prosecution. He also wired the sheriff and the magistrate at Norway to take all precautions to protect the lives of any other negroes under arrest and to send them under armed guard to Orangeburg jail.

Allowed Bail.

Montgomery, Ala., Special — By an agreement of the counsel for the State and defendant in the case of the United States Deputy Marshal Byron Trammell, charged with the killing of C. E. Taylor, a former deputy marshal, the defendant was allowed bail in the sum of $7,000.

Fatal Collision.

Knoxville, Special.—In a collision between two trains on the Virginia & Southwestern road, Fireman L. H. Kain, of Bristol, was instantly killed and Engineer R. C. Clowry, of Bristol, fatally injured. The engineer and fireman of the eastbound train jumped.

Decides for Railroads.

Jackson, Miss., Special.—Judge Niles in the Federal Court here ruled against the injunction of the lumbermen of Mississippi, praying that the railroads be prevented from adding a rate of two cents per 100 pounds to the present rates.

News in Notes.

One hundred and one additional towns in Russia were opened to residence by Jews.

A fully equipped metallurgical institute for teaching and research was proposed at a meeting in London as a memorial to Sir William Bessemer, the inventor, to which Carnegie has promised to contribute.

Rear Admiral Evans, commanding the Asiatic station, has asked for 500 more marines, and it is inferred he looks for trouble in Manchuria.

AN AWFUL HORROR

Many Killed By Explosion of Deadly Fire Damp

AWFUL SCENES OF SAD DISTRESS

Hundreds Killed Without Warning and Work of Rescue Was a Very Difficult Matter.

Hanna, Wyo., Special.—Hanna was the scene of a terrible disaster at 10:30 a. m., when an explosion of fire damp in mine No. 1, of the Union Pacific Coal Company snuffed out the lives of 224 men, injured scores of others and caused the destruction of a vast amount of property. The mine was not fired, as was stated in the earlier reports, but the explosion was terrific and completely shattered the timber of the main shaft and numerous entrances, filling the working with debris, and those of the miners that were not killed outright by the explosion were buried alive.

The explosion was heard for many miles around and attracted people from the adjoining settlements. Huge timbers and railroad iron were hurled 300 feet from the mouth of the shaft. Superintendent E. S. Brooks and a large force of men began the work of removing the debris from the shaft that they might reach the entombed miners. Their progress into the mine was blocked by the foul gases and several times they were forced to return to the surface. All day the rescuing party worked, the force being increased from time to time by the arrival of ranchmen and others from nearby settlements and by those of a relief train sent out from Rawlins, which reached here at 2 o'clock in the afternoon.

About 1 o'clock p. m. four men were taken out alive and a half hour later they were followed by 42 others. Many were unconscious and had to be carried from the workings. Several are in a serious condition, but it is believed all will recover.

Two hundred and eighty-two men went down in the mine at 7 o'clock Tuesday morning and up to a late hour only 48 have been accounted for. Of this number two are dead. It was some time after the explosion occurred that the first man was brought to the surface. He was followed by others until 1 o'clock, when the last of the 48 was brought out. The rescuers were unable to penetrate further into the mine as it was necessary to make another opening to permit fresh air to reach the lower levels.

Horses and scrapers were put at work hauling debris away from the shaft. The work is progressing slowly, owing to the narrow space in which the rescuers are compelled to operate, but by daylight the mine should be open sufficiently to permit of deep explorations and the rescue of the dead bodies. Late at night a party of rescuers reached four mules that were alive and this caused renewed hope. It is a faint hope, however, for experienced mine bosses and miners say that when the imprisoned men are reached all will be found dead. Some of the miners who escaped said they saw 20 dead bodies in entry No. 17. They reported that many of the men were crazed by the explosion and ran hither and thither in the mine. Many of these could have escaped, but they lay down, buried their faces in their hands and gave up the fight. Of the 224 dead about 175 were married and leave large families. About 100 were Finlanders, 50 were colored and the rest were Americans.

The Hanna mines are among the best on the Union Pacific system, being established in 1878. The town was named for Senator Mark Hanna when he was a member of the Union Pacific Coal Company. Mine No. 1 is practically a new property. It has 26 entries, 15 miles of workings and a main incline shaft of one and one-half miles in length. The mine has been recognized as dangerous property for some time on account of the large amount of gas, but the system of ventilation has been so good that an accident was not anticipated.

"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED ABROAD AT NOONDAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING FIRD." HOW STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACTS OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHOOPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE TO FUSION RULE?

Much has been said in the Democratic press about the postoffice scandal at Washington, but all of them have failed to inform the public that Machen, who was at the head of the rural free delivery, was a Cleveland Democrat, and held over under civil service. The Democrats have been piling this matter up for campaign thunder next year, but when they wake up to the fact that Machen, in whose office the rottenness originated, is a Democrat, they will drop the matter quicker than if it were a hot brick.

The State Treasurer says the increase in the valuation of property must be from $100,000,000 to $150,000,000, in order to produce revenue enough to pay the State's running expenies and keep out of debt. Yes, and this amount won't last long if we have many more Democratic legislatures to squander our money for us; as for instance, increased salaries, new offices created, sending the Attorney-General over the State to protect thieving registrars, and sending tax assessors over the State, at the expense of the taxpayers, to see how many schemes can be devised to squeeze another dollar in taxes out of the poor working man.

On July 4th the President sent from his home at Oyster Bay the message that formally opened the Pacific cable to the Philippines. The message was a greeting and congratulations to Governor Taft at Manila. We can now send a message around the entire globe within an hour's time. The message by the President was sent from New York to San Francisco, to Honolulu, to Guam, to Midway Island, to Manila. Return messages by Hong Kong, to Singaproe, to Madras, to Bombay, to Malta, to Gibralta, to Lisbon, to Ozores, and then back to New York.

The New York Sun asks: "Do women talk too much?" To which the Asheville Gazette answers: "Of course they don't. Men talk too much about women talking."

We don't know for sure, but we would guess that the writer on the Gazette belongs to the order of associated charities.

The Simmons - Aycock - Daniels company tried to capture the temperance people that met in Raleigh Tuesday. They have tried to capture the whiskey men, and are now trying to capture the temperance organization. Whomsoever putteth their faith in this company will surely see the day they will regret so doing. Didn't the News and Observer contain an article some weeks ago praising Nick Williams and his "good whiskey?" It was so good that even revivalists would not let it be destroyed. Now this same News and Observer, while holding one hand to Nick Williams is trying to capture the temperance forces with the other.

CHIT-CHAT.

[By A. V. DOCKERY]

It is not always the biggest and longest steam whistle which demonstrates the most profit.

It is not good for the soul to be compelled to obliterate one's self.

People can be put under civil service who never could pass an examination even for Wake Forest.

We meet this day with those people who are ostensibly opposed to liquor. Let us hope that the matter may be argued from the home standpoint by people who touch not whiskey brandy wine cider nor rice beer. In speaking of a prohibitionist Mr. Fraps once said he talks mit you and drinks mit me. There is to much of this sort of temperance afloat. Give us straight goods good gentlemen—let us have honest straight prohibition.

Poverty and ignorance have remained for centuries the bulwark of nearly all the glories of religion.

And so it is the turn of Indiana to lynch and burn a whole nigger town.

Possibly the North will hereafter look leniently upon a few healthy Southern lynchings. This is the solution of the race problem.

The new education ought to teach the negroes how to speak Volapuk and also how to swallow table knives.

If we keep up the education of all the races at expense of land and house, holders by and by all will want to be governor.

Something in the neighborhood of truth sometimes goes a long ways amoungst uneducated people—but a little of it will pass amoungst folks that have learned enough to lie pretty well.

State sovereignity is dead, free trade is dead, free silver is dead, the Roosevelt Admistration is able, "healthy, wealthy, and wise," what on earth will the Democrotic Party go to the country upon next year? Prohibition? High Taxes? Turn the rascals in?

The Rev. Baylus Cade Populist Poet was in town last week looking none the worse for sub-treasury wear and free silver tear.

Folks with pat stomachs appear healthy but many of them get hold of sick headaches aching to the ailments of ordinary mortals who take liquor.

Old gold and new is like the owl and the virgin in some respects.

The Amazer Parker substitute for a Presidential candidate with its Commitment to the "reign of law" is about as futil an ad referendnm as the Horace Greely antidote turned out to be.

Judge Purnell Sustained.

To The Post:

The Supreme Court of the United States has recently affirmed decisions rendered by Judge Purnell in three important cases. One of the most important of these was the celebrated Wilkes county bond case of which there has been so much talk, involving the sum of one hundred and thirty thousand dollars to foreign bondholders. Judge Purnell heard and decided this case while holding United States Circuit Court in the Western District of North Carolina sustaining the validity of the bonds in quession. An appeal was taken by the county to the United States Circuit Court of Appeals from this decision and the court reversed Judge Purnell's decision. An appeal was taken by the owners of the bonds to the Supreme Court of the United States and it was upon the record as presented that the highest court sustains Judge Purnell.

It may not be out of place in this connection to say that the good effect of this decision will be far-reaching in its scope and bearing for the future welfare of the State and in a large measure restore the confidence and integrity of olden days, which our good old State enjoyed. The securities issued and floated will doubtless be received with greater cordiality by investors who, putting faith and confidence in our people, municipalities and counties have invested in such securities.

The second case in importance was the decision just handed down by the Supreme Court affirming Judge Purnell's decision in this case of City of Durham vs. Southern Railway Company, in which the "Craig Law" was declared unconstitution. In the two cases above the North Carolina Supreme Court was reversed.

The third case was in admiralty, where the Judge decided that a member of a stevedore's gang could not maintain an action in rem against the ship for personal injuries, where there was no defect in the ship which was the proximate cause of the injury. This was a novel question in the admiralty law and the United States Circuit Court of Appeals overruled this decision, but the Supreme Court of the United States has just handed down a decision in the case of the "Oceola," involving the same point and principle thus sustaining Judge Purnell's decision and overruling the United States Circuit Court of Appeals.

Being thus sustained by the highest court in the land is a very high compliment to Judge Purnell.

The Designer For August.

Accordion plaiting and smocking will again aid in beautifying garments for women and children. To know all about either process one should read THE DESIGNER for August, which, in addition to illustrating and describing the above, pictures all that is stylish in millinery and fashions for this season of the year. "How and Where Perfumes are made," by Katherine Louise Smith, "Women Who Make Money," by Landon Knigbt, and "Floral Stands of Honolulu,' are three interesting articles to be found in this issue, which also contains three excellent short stories, "A Sunflower Drill," illustrated pages on "Woman's Fads and Fancies," "Fashions and Fabrics," and "Fans and What to Make of Them." Opportunities for money making are supplied in the departments "What Women Are Doing," "Helps Along the Way" and the Puzzle Page, while practical and helpful suggestions are given in "Etiquette Hints," "Toilet Table Chat," "In Motherland," "Floriculture" and "The Kitchen Kingeom."

Boy Drowned in Neuse River.

Goldsboro, N. C., July 4.—A young son of Mr. Matthew Jones was drowned in Neuse river at the railroad bridge yesterday. The boy climbed up to the bridge and was watching men at work on it, when he lost his balance and fell twenty-five feet or more to the swift current below. He was carried out of reach by the strong current and was drowned before help could reach him. The body was found in a deep hole some distance from where he fell.

The Tax Assessors.

Shelby Aurora.]

The tax assessors at this time occupy a very urenviable position. On the one hand, the Legislature and the State officials are demanding an enormous increase in the valuation of property to meet their extravagant expenditures; on the other hand, the tax payers are clamoring for only a moderate increase. We shall see what we shall see.

Yes—the Democratic Party.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif, writes: "For 15 years I endured insufferapain from Rheumatism, and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed. Sold by all druggists.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully, and spit blood, but, when all other medicines failed, three $1.00 bottles of Dr. King's New Discovery wholy cured me, and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c. and $1.00. Trial bottles free at all drug stores.

FIVE CARS DERAILED NEAR SOUTHERN PINES—NO ONE HURT.

Southern Pines, N. C., July 6—Five cars on an extra freight train No. 650, pulling out of the siding at Manly at 12 o'clock last night, were derailed, three of them turning bottom up over an embankment. The cause for the accident is a profound mystery, as eleven cars and the engine had passed over safely. The train was a heavy one—loaded with lumber from Aberdeen. A wrecking train was soon on hand and no delay to passengers, except 31, southbound, which was delayed about forty minutes. No one was hurt.

The State Board of Education meet in Raleigh Saturday and reduced the negro State normals from seven to four. The normals are situated at Winston, Salisbury, Franklinton, Fayetteville, Plymouth. Elizabeth City and Goldsboro, and which places are to be dropped out has not been decided upon yet.

Abraham Lincoln's opinion of these Historical Celebrities: "I want to thank you and your brother for Abbott's Series of Histories. I have not education enough to appreciate the profound works of voluminous historians; and if I had I have no time to read them. But your Series of Histories gives me, in brief compass, just that knowledge of past men and events which I need. I have read them with the greatest interest. To them I am indebted for about all the historical knowledge I have."

PERSOAL TO SUBSCRIBERS

WE WILL SEND to every subscriber or reader of THE CAUCASIAN a full sized ONE DOLLAR package of VITÆ-ORE, by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt if the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used. READ this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. Vitæ-Ore is a natural, hard, adamantine rock-like substance mined—Ore—mined from the ground like gold and silver, and requires about two years for oxidization. It contains free iron, free sulphur and magnesium, so one package will equal in medical strength and curative value 800 gallons of the most powerful, efficacious mineral water, drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Diphtheria, Catarrh and Throat Affections, Liver, Kidney and Bladder Aliments, Stomach and Female Disorders, La Grippe, Malarial Fever, Nervous Prostration and General Debility, as thousands testify, and as no one, answering this, writing for a package, will deny after using. Give age, ills and sex.

This offer will challenge the attention and consideration, and afterw the gratitude of every living person who desires better health, or who suffers pains, ills and diseases which have defied the medical world and grown worse with age. We care not for your skept cism, but ask your investigation, and at our expense, regardless of what ills you have, by sending to us for a package. You must not write on a postal card.

RACE WAR IN INDIANA TOWN.

Men Brake Into Stores and Arm Themselves---Several Killed and Wounded.

A race war has been in progress at Evansville, Ind , for the past few days. The trouble first arose over a negro shooting a policeman. The negro was placed in jail, and ahe white people gathered in a mob, numbering about 2 000, and made an attack on the jail, as they would not believe that the negro had been removed to another town. The militia on guard at the jail killed several persons out-right, and wounded several others. The citizens broke into stores and armed themselves. Mobs surged through the streets, and attacked negro houses.

On Tuesday eight were killed and two mortally wounded, and at least thirty-five others seriously or slightly wounded. Martial rule is being enforced, and the Governor of the State is determined to put an end to the rioting at all hazards.

SCORE OF PASSENGERS KILLED.

An Awful wreck on the Southern, Near Charlottesville, Va.

Charlottesville, Va., July 7,—Southern Railway passenger train No. 35, from New York to New Orleans, left this city southbound, twenty-five minutes late, and at Rockfish station, 20 miles south of Charlottesville, ran into an open switch, colliding with local freight No. 68, Killing at least 24 persons and wounding probably as many more.

Just Reversed Things.

"Put you trust in riches," said the clerical-looking man in the rusty coat. "I don't," replied the prosperous looking individual. "I put my riches in trusts."

A Hardened Conscience.

The Mother: Bobbie didn't your conscience tell you that you had done wrong? Bobbie; Yes'm but I dont believe everything I hear.

Another Democratic county heard from, Rowan county has recently sold twenty-five thousaud dollars worth of bonds to meet expenses. Democratic government comes high in Nation, State and County.—Davie Record.

VIOLENT STORM AT LOUISBURG.

Two Persons Killed by Lighting—Others Severely Shocked.

Louisburg, N. C., July 6.—During a violent storm about five o'clock this afte noon, lighting struck the residence of Mr. F. M. Davis, who lives four miles north from Louisburg. The flash instantly killed his little son Ottey, aged 7 years, and Miss Nannie Dean, his wife's sister, aged about thirty years. Other members of the family were shocked, but none was seriously hurt.

Died of Yellow Fever.

Mobile, Ala., July 6.—Dr. R. B. Parker, who was inspector upon the steamer Mount Vernon and took ill on the voyage up from Port Limon, and was sent with the vessel to the government quarantine station at Shipp Island, Miss., died there today of yellow fever.

Lady Attacked by Mad Bull.

Winston-Salem, July 6—The State convicts, who have been at work on public roads in this county, will be sent away Wednesday. County fathers have decided to dispense with their services.

Mrs. Luther Hine, of Old Town, was attacked by a mad bull and painfully injured. Her escape from death was considered miraculous. The mad animal threw Mrs. Hine over his head three times. Her collar bone was broken and nearly all of her clothing torn off.

Arrested for Bigamy.

Rocky Mount, N. C., July 6—W. H. Lawrence is under arrest here on the charge of bigamy. He married Miss Dunkle here a few weeks ago. Mayor Thorp afterward received two letters from the man's old home in Smithfield, Virginia, stating that Lawrence had a wife in the insane asylum in Williamsburg. An investigation was made, and the charges being found true, his arrest followed.

Only a Mask.

Many are not being benefitted by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine wich, as we know, "builds up the whole system."

A Labor Temperance Convention met in Raleigh last Tuesday and discussed temperance measures—officers elected.

The North Carolina Temperance Convention met in Raleigh Tuesday at the call of manager J. W Baily, of the anti-saloon league. A moment was set on foot to raise a fund of $5000 with which to carry on the work of the anti-saloon league. Three thousand of this amount was raised, or rather pledged by the delegates for themselves and their constituents.

It was decided to put two men in the field to active work in organizing leagues etc, under the direction of the executive and central committees, Mr. Page, of Aberdeen, was elected permanent chairman and Mr. H. A. Louden, of Pittsboro, was elected president of the League and Mr. J. A. Oates, of Fayetteville, was elected chairman. Senator Simmons, and Mr. A. D. Watts were amoung those who addressed the convention.

Working Night and Day.

IT DAZZLES THE WORLD.

No Discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by All Druggists who guarantee satisfaction or refund money Large bottles 50c and $1.00. Trial bottles free. For sale by all druggists.

THE SPIRIT OF WINTER.

The Spirit of Winter is with us, making its presence known in many different ways—sometimes by cheery sunshine and glistening snows and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is truth, and it is a wonder that more people don't get rid of these ailments The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.

WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was yellow jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney troubles. Only 50c.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., **be sure and mention this paper.**

Home of Swamp-Root.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C, B. VanMetre, of Sheperdtown, W. Virginia, says: "I had a severe case of Bronchitus and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption, Try it. It's guaranteed by all druggists. MISS MAY MARKELL,

A Society Belle of London, Canada.

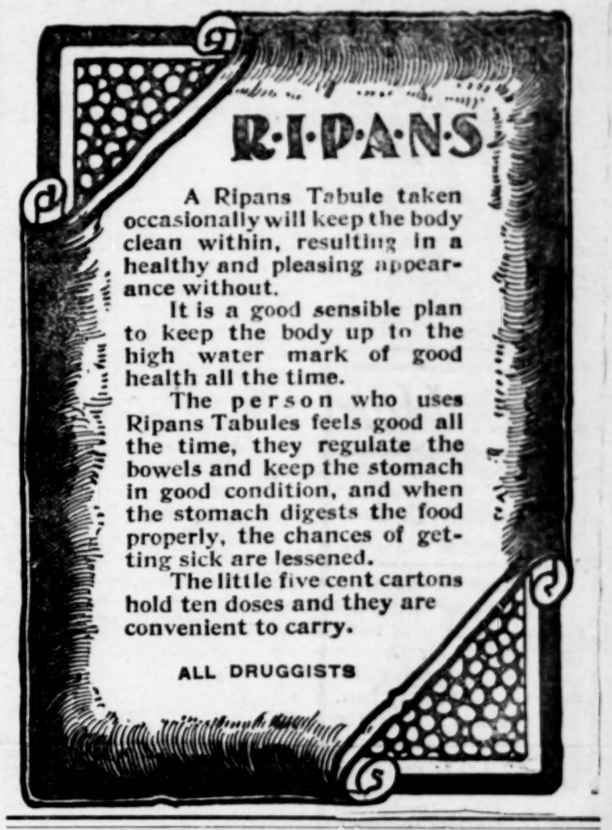

Miss May Markell.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

A Ripans Tabule taken occasionally will keep the body clean within, resulting in a healthy and pleasing appearance without.

It is a good sensible plan to keep the body up to the high water mark of good health all the time.

The person who uses Ripans Tabules feels good all the time, they regulate the bowels and keep the stomach in good condition, and when the stomach digests the food properly, the chances of getting sick are lessened.

The little five cent cartons hold ten doses and they are convenient to carry.

Whims of the Dogs.

"Dogs have queer whims," said a woman who had three. "That little fellow is a coward, but it is always something very funny that makes him afraid. Watch, now," said she, and said contemptuously "Pooh!" Immediately the dog's tail went down between his legs, and he slunk upstairs to hide under the bed. "Now, watch Ted over there," she said. "I think he's making altogether too much noise, don't you? We'll stop him." Then she tied a handkerchief loosely around one of the dog's legs, and he dropped in a limp heap on the floor and stayed there until the handkerchief was removed. "Do you want to go to walk, Waggles?" she said to the third little dog. Away bounded the dog upstairs, but he was down again in a minute with a red pincushion in his mouth.

"I don't know how he learned that trick," said his mistress, "but every time I ask him that question he darts for my room and brings down that red cushion."

Cuba has been suffering from a long period of extraordinary drought and heat. Vegetation in and around Havana was scorched as never before known. Seldom is summer heat more intense than that which has prevailed since the 1st of February. The Cubans fancy that the climatic change was caused by the eruption of Pelee, but no scientific man would accept that explanation.

NORTH CAROLINA CROPS

Conditions For the Past Week Given By the Department.

The mean temperature for the past week was about 74 degrees for the State at large, and was 3 degrees below the daily normal in the central portion. There was generally too much cloudy weather and rain for the best growth of crops, and farm work in very many counties made very little progress. The rainfall on the 22d and 26th was extremely heavy in several counties, resulting in the washing of land and considerable injury to crops; there was also much damage by hail in a few sections, notably Pitt, Onslow, Davidson and Gaston counties. The abundance of moisture has caused a rapid growth of grass and weeds and crops have become rather grassy again, however, in a large number of counties the amount of rainfall was just sufficient, cultivation was not interfered with, and crops are in good condition. Warmer weather with more sunshine is needed to advance growth more rapidly, but slow improvement in all crops continues.

The weather has been very favorable for corn during the past few weeks, and over most of the central eastern portion of the State it has improved materially, is strong and healthy. Laying by is now general in the central portion, though west of the Blue Ridge much corn is just receiving its first cultivation; in some places there has been too much rain for lowland corn. The growth of cotton has been slow; too much rain and cloudy weather, preventing cultivation, has brought a large portion of the crop into a very grassy state; in the south some plants have died from black rust; lice continue to injure the crop; there has, however, been some improvement, and squares are beginning to form on early planted in the south. Tobacco is doing fairly well; some has been cut and cured in Onslow, Bladen, Green, and Craven counties; further north stands are good, but plants are small and slender; topping is underway.

Sweet potatoes, Irish potatoes, peanuts and rice are doing well. Harvesting wheat is now underway west of the Blue Ridge; elsewhere most of the wheat winter oats and rye have been housed and threshing continues. Uncut spring oats are very poor on account of damage by rust. Peas are being sown in stubble land and are growing nicely. Peaches are rotting badly in some section; apples, pears, grapes and blackberries are promising.

Rains reported: Raleigh, 2.40 inches; Goldsboro, 2.80; Greensboro, 2.94; Lumberton, 1.60; Newbern, 0.80; Weldon, 1.40; Charlotte, 1.40; Wilmington, 3.10; Asheville, 1.40; Hatteras, 0.80; Liberty, 0.82; Morganton, 1.62; Marion, 1.10; Rocksville, 1.53 and Settle, 1.13.

Killed His Mother.

Swainsboro, Ga., Special.—Robert Rich, aged 21, Monday morning accidentally shot his mother, to whom he was devoted. He was "pranking" with a pistol, showing her how smoothly it worked and praising its fine points. His mother, an invalid, was seated near. In unbreaching the pistol something went wrong, there was an explosion and Mrs. Rich screamed and fell, shot through the breast. She died almost instantly.

Four Shot in a Saloon.

Savannah, Ga., Special.—Four men were shot and wounded, one of them so seriously that it is thought he will die, during a dispute in a saloon in this city. The injured are: Nathan Evans, perhaps fatally; G. D. Bryan, James L. Doss, and James T. Bennett. It is said that the trouble grew out of a difference between Doss and Bryan.

North State Notes.

A report is current at Spencer that work is to begin at once on the new shops at Spencer and that cars and engines will be built complete at that point. The plans and specifications for the new buildings have arrived.

A serious accident happened to J. T. Dillehay, of Southern Pines, Tuesday at 10:45 o'clock as he was returning from a drive to the wreck. His horse became frightened, ran away and threw Mr. Dillehay out, knocking him almost unconscious for a while. On reaching town the horse ran against a telegraph pole and broke its neck. It was a fine animal, valued at $175.

Mr. Jno. A. Brown, an old soldier of the Carmel neighborhood of Montgomery county, fell from his chair dead Tuesday morning. He had been suffering with the heat since Friday, but his sudden death was a surprise.

The Whitney Reduction Company, of Salisbury, has struck a phenomenally rich paying streak in the Barringer gold mine, in Stanly county, and already has taken out six tons of ore that assay $20,000 to the ton. This is one of the greatest finds in the history of mining in that country and proves effectually that gold mining in North Carolina will pay.

Mr. H. [illegible] McDuffie, Jr., of Fayetteville, has [illegible] notified by his lawyers in Washington City that the government has granted to him a patent on his automatic gas-light extinguisher, an invention which he has devoted much time and skill in perfecting.

A special from Bellhaven, Beaufort county, Tuesday said the employees of the William Shutte Lumber Mills at that place still refused to go to work and said if any one attempted to take their place there would be trouble. About 150 men are out. They demand a weekly pay-day system. The company heretofore has been paying off once a month.

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits men for business and pleasure—sometimes temporarily often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

Dr. Hathaway.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special stress for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States, and I thoroughly understand just what is required in each case. My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address J. NEWTON HATHAWAY, M.D.

MAYOR SCHMITZ'S APT REPLY.

How City's Chief Executive Got Rid of a Bore.

Mayor Schmitz of San Francisco tells of an untiring politician who demanded a position. To escape him and kindred men the mayor hied himself to the suburbs. And in the suburbs the applicant halted the mayor. The politician placed his cane behind him and rested on it as a seat. Better opportunity had never been presented for arguing his just claim. His fidgeting caused the cane to move slightly. "Yes, sir," said the office seeker. "I am entitled to a position in the city's service and am looking for an opening."

"Is there any kind of work to which you are adapted?" asked the mayor.

The man took courage from the question and said that any kind of an opening would suit.

By this time the man's unsteadiness had brought the cane, which was bearing his weight, precariously near a knot hole. The mayor thought. In expectancy the applicant shifted his position. The next instant he was endeavoring to follow his cane through a hole in the board walk.

"There," said the mayor, "very much relieved, "is an opening for you. Try and fill it; if you don't succeed, see the board of public works."—Boston Post.

TIRED OF THE MONOTONY.

Why George Grossmith's Butler Was Leaving His Service.

Many and various and weird are the reasons given by servants for wanting a change of place. Here is a tale told by George Grossmith, which adds a rare and wondrous instance to the long and eccentric list:

His butler, who had been with him for nearly twenty years, went to him one day and said:

"If you please, sir, I want to leave."

Mr. Grossmith was sorry, and asked the man his reason.

"I would rather not say, sir," was the mysterious reply.

This was uncomfortable, and Mr. Grossmith pressed the question again.

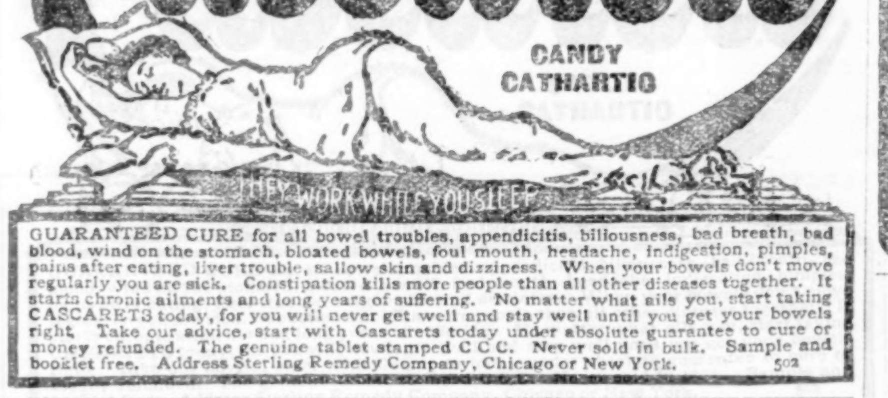

"Come," he said, "you have been with me for so long and have never complained before. Surely I have almost a right to know why you wish to leave. Your secrecy is unpleasant, and I must really beg of you to tell me your reason for leaving my service."

The butler thought a moment and then said:

"Well, sir, as you insist, I must tell you. But I don't want to. (A pause.) The fact is, sir, I've been with you for close upon twenty years, and I'm tired of the sight of you and all your family!"

News of the Day.

Count von Raventlow will doubtless be particularly interested in the news that the Holland submarine torpedo boat Porpoise, after a successful run under water of a mile and a half Monday, fired a torpedo that went straight between two flags 150 feet apart, representing a war vessel. The submarine boat will have to be reckoned with in future naval warfare.

One of the most enthusiastic base ball cranks in the country is a blind man, James Judge, of Minneapolis, a master steamfitter, successful contractor and mechanical inventor of pronounced ability. He has been totally sightless for forty years and never saw a base ball game in his life, but he never allows business to interfere when he wishes to "see" a contest on the diamond. Mr. Judge is always accompanied by someone who tells him of the various plays and he yells as loudly as anybody, even shouting "Down in front" when someone obstructs the view of those who can see. He is an inveterate smoker, too, thus disproving the oft-heard statement that one must see the smoke in order to enjoy a cigar.

Enormous Cost of High Speed.

The cost of extra knots of high speed was elucidated by recent experiments with a new armored British cruiser, Cape of Good Hope, of 14,100 tons. On her eight-hour trial she made a mean speed of 23.05 knots. Her coal expenditure for various speeds was plotted with surprising results. To go from 11.5 knots to 23 knots needed, roughly, 26,000 additional horse power, while the last knot alone absorbed 8,621 horse power. That is to say, to progress from 22 to 23 knots needed as much power as the total required to drive the ship at about 16 knots; or, to put it in still another way, the power needed to drive the Cape of Good Hope at full speed would propel two similar vessels at about 19 knots. The coal consumption at full speed was, roughly, twenty-six tons per hour; at 19 knots about 11 tons per hour. Again, at full speed the ship would steam 0.85 knot for each ton of coal burned, while at 19 knots the distance would be double for a similar consumption of fuel.

Quite an Error.

"Now, by gosh!" said the rural postmaster, "the reporter that put this in the paper didn't know his business. He says the sheriff collared Si Hardacre."

"Isn't that what happened?" drawled the citizen on the herring keg.

"Naw! Why, Si Hardacre never wore a collar in his life."

Whims of the Dogs.

"Dogs have queer whims," said a woman who had three. "That little fellow is a coward, but it is always something very funny that makes him afraid. Watch, now," said she, and said contemptuously "Pooh!" Immediately the dog's tail went down between his legs, and he slunk upstairs to hide under the bed. "Now, watch Ted over there," she said. "I think he's making altogether too much noise, don't you? We'll stop him." Then she tied a handkerchief loosely around one of the dog's legs, and he dropped in a limp heap on the floor and stayed there until the handkerchief was removed. "Do you want to go to walk, Waggles?" she said to the third little dog. Away bounded the dog upstairs, but he was down again in a minute with a red pincushion in his mouth.

"I don't know how he learned that trick," said his mistress, "but every time I ask him that question he darts for my room and brings down that red cushion."

Cuba has been suffering from a long period of extraordinary drought and heat. Vegetation in and around Havana was scorched as never before known. Seldom is summer heat more intense than that which has prevailed since the 1st of February. The Cubans fancy that the climatic change was caused by the eruption of Pelee, but no scientific man would accept that explanation.

NORTH CAROLINA CROPS

Conditions For the Past Week Given By the Department.

The mean temperature for the past week was about 74 degrees for the State at large, and was 3 degrees below the daily normal in the central portion. There was generally too much cloudy weather and rain for the best growth of crops, and farm work in very many counties made very little progress. The rainfall on the 22d and 26th was extremely heavy in several counties, resulting in the washing of land and considerable injury to crops; there was also much damage by hail in a few sections, notably Pitt, Onslow, Davidson and Gaston counties. The abundance of moisture has caused a rapid growth of grass and weeds and crops have become rather grassy again, however, in a large number of counties the amount of rainfall was just sufficient, cultivation was not interfered with, and crops are in good condition. Warmer weather with more sunshine is needed to advance growth more rapidly, but slow improvement in all crops continues.

The weather has been very favorable for corn during the past few weeks, and over most of the central eastern portion of the State it has improved materially, is strong and healthy. Laying by is now general in the central portion, though west of the Blue Ridge much corn is just receiving its first cultivation; in some places there has been too much rain for lowland corn. The growth of cotton has been slow; too much rain and cloudy weather, preventing cultivation, has brought a large portion of the crop into a very grassy state; in the south some plants have died from black rust; lice continue to injure the crop; there has, however, been some improvement, and squares are beginning to form on early planted in the south. Tobacco is doing fairly well; some has been cut and cured in Onslow, Bladen, Green, and Craven counties; further north stands are good, but plants are small and slender; topping is underway.

Sweet potatoes, Irish potatoes, peanuts and rice are doing well. Harvesting wheat is now underway west of the Blue Ridge; elsewhere most of the wheat winter oats and rye have been housed and threshing continues. Uncut spring oats are very poor on account of damage by rust. Peas are being sown in stubble land and are growing nicely. Peaches are rotting badly in some section; apples, pears, grapes and blackberries are promising.

Rains reported: Raleigh, 2.40 inches; Goldsboro, 2.80; Greensboro, 2.94; Lumberton, 1.60; Newbern, 0.80; Weldon, 1.40; Charlotte, 1.40; Wilmington, 3.10; Asheville, 1.40; Hatteras, 0.80; Liberty, 0.82; Morganton, 1.62; Marion, 1.10; Rocksville, 1.53 and Settle, 1.13.

Killed His Mother.

Swainsboro, Ga., Special.—Robert Rich, aged 21, Monday morning accidentally shot his mother, to whom he was devoted. He was "pranking" with a pistol, showing her how smoothly it worked and praising its fine points. His mother, an invalid, was seated near. In unbreaching the pistol something went wrong, there was an explosion and Mrs. Rich screamed and fell, shot through the breast. She died almost instantly.

Four Shot in a Saloon.

Savannah, Ga., Special.—Four men were shot and wounded, one of them so seriously that it is thought he will die, during a dispute in a saloon in this city. The injured are: Nathan Evans, perhaps fatally; G. D. Bryan, James L. Doss, and James T. Bennett. It is said that the trouble grew out of a difference between Doss and Bryan.

A serious accident happened to J. T. Dillehay, of Southern Pines, Tuesday at 10:45 o'clock as he was returning from a drive to the wreck. His horse became frightened, ran away and threw Mr. Dillehay out, knocking him almost unconscious for a while. On reaching town the horse ran against a telegraph pole and broke its neck. It was a fine animal, valued at $175.

The Whitney Reduction Company, of Salisbury, has struck a phenomenally rich paying streak in the Barringer gold mine, in Stanly county, and already has taken out six tons of ore that assay $20,000 to the ton. This is one of the greatest finds in the history of mining in that country and proves effectually that gold mining in North Carolina will pay.

Mr. H. T. McDuffie, Jr., of Fayetteville, has been notified by his lawyers in Washington City that the government has granted to him a patent on his automatic gas-light extinguisher, an invention which he has devoted much time and skill in perfecting.

A special from Bellhaven, Beaufort county, Tuesday said the employees of the William Shutte Lumber Mills at that place still refused to go to work and said if any one attempted to take their place there would be trouble. About 150 men are out. They demand a weekly pay-day system. The company heretofore has been paying off once a month.

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits men for business and pleasure—sometimes temporarily often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

DR. HATHAWAY.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special fitness for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States, and I thoroughly understand just what is required in each case My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address J. NEWTON HATHAWAY, M.D.

MAYOR SCHMITZ'S APT REPLY.

How City's Chief Executive Got Rid of a Bore.

Mayor Schmitz of San Francisco tells of an untiring politician who demanded a position. To escape him and kindred men the mayor hied himself to the suburbs. And in the suburbs the applicant halted the mayor. The politician placed his cane behind him and rested on it as a seat. Better opportunity had never been presented for arguing his just claim. His fidgeting caused the cane to move slightly. "Yes, sir," said the office seeker. "I am entitled to a position in the city's service and am looking for an opening."

"Is there any kind of work to which you are adapted?" asked the mayor.

The man took courage from the question and said that any kind of an opening would suit.

By this time the man's unsteadiness had brought the cane, which was bearing his weight, precariously near a knot hole. The mayor thought. In expectancy the applicant shifted his position. The next instant he was endeavoring to follow his cane through a hole in the board walk.

"There," said the mayor, "very much relieved, "is an opening for you. Try and fill it; if you don't succeed, see the board of public works."—Boston Post.

TIRED OF THE MONOTONY.

Why George Grossmith's Butler Was Leaving His Service.

Many and various and weird are the reasons given by servants for wanting a change of place. Here is a tale told by George Grossmith, which adds a rare and wondrous instance to the long and eccentric list:

His butler, who had been with him for nearly twenty years, went to him one day and said:

"If you please, sir, I want to leave."

Mr. Grossmith was sorry, and asked the man his reason.

"I would rather not say, sir," was the mysterious reply.

This was uncomfortable, and Mr. Grossmith pressed the question again.

"Come," he said, "you have been with me for so long and have never complained before. Surely I have almost a right to know why you wish to leave. Your secrecy is unpleasant, and I must really beg of you to tell me your reason for leaving my service."

The butler thought a moment and then said:

"Well, sir, as you insist, I must tell you. But I don't want to. (A pause.) The fact is, sir, I've been with you for close upon twenty years, and I'm tired of the sight of you and all your family!"

News of the Day.

Count von Raventlow will doubtless be particularly interested in the news that the Holland submarine torpedo boat Porpoise, after a successful run under water of a mile and a half Monday, fired a torpedo that went straight between two flags 150 feet apart, representing a war vessel. The submarine boat will have to be reckoned with in future naval warfare.

One of the most enthusiastic base ball cranks in the country is a blind man, James Judge, of Minneapolis, a master steamfitter, successful contractor and mechanical inventor of pronounced ability. He has been totally sightless for forty years and never saw a base ball game in his life, but he never allows business to interfere when he wishes to "see" a contest on the diamond. Mr. Judge is always accompanied by someone who tells him of the various plays and he yells as loudly as anybody, even shouting "Down in front" when someone obstructs the view of those who can see. He is an inveterate smoker, too, thus disproving the oft-heard statement that one must see the smoke in order to enjoy a cigar.

FOR WOMEN

Much That Every Woman Desires to Know

About Sanative Antiseptic Cleansing

And about the Care of the Skin, Scalp, Hair and Hands.

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Resolvent in the antiseptic cleansing of the mucous surfaces and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening ulcerations, inflammations, itchings, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and invalided by these distressing ailments, as well as such sympathetic afflictions as anæmia, chlorosis, hysteria, nervousness and debility.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura remedies the standard skin cures and humour remedies of the civilized world.

Millions of the women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for annoying irritations, and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

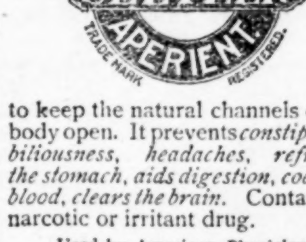

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), Ointment, 50c., Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Proprietors. Send for "A Book for Women."

Enormous Cost of High Speed.

The cost of extra knots of high speed was elucidated by recent experiments with a new armored British cruiser, Cape of Good Hope, of 14,100 tons. On her eight-hour trial she made a mean speed of 23.05 knots. Her coal expenditure for various speeds was plotted with surprising results. To go from 11.5 knots to 23 knots needed, roughly, 26,000 additional horse power, while the last knot alone absorbed 8,621 horse power. That is to say, to progress from 22 to 23 knots needed as much power as the total required to drive the ship at about 16 knots; or, to put it in still another way, the power needed to drive the Cape of Good Hope at full speed would propel two similar vessels at about 19 knots. The coal consumption at full speed was, roughly, twenty-six tons per hour; at 19 knots about 11 tons per hour. Again, at full speed the ship would steam 0.85 knot for each ton of coal burned, while at 19 knots the distance would be double for a similar consumption of fuel.

Quite an Error.

"Now, by gosh!" said the rural postmaster, "the reporter that put this in the paper didn't know his business. He says the sheriff collared Si Hardacre."

"Isn't that what happened?" drawled the citizen on the herring keg.

"Naw! Why, Si Hardacre never wore a collar in his life."
